

LLM International Business Law

University of Central Lancashire

University of Central Lancashire

The University of Central Lancashire was founded in the year 1828. Today we're one of the UK's largest universities with a staff and student community approaching 38,000. Our employment-focused course portfolio with over 350 undergraduate programmes, nearly 200+ postgraduate courses and rich array of CPD courses means we offer you the skills and experience that industry needs.

Building on last year's impressive rise of 27 places, we've climbed a further 5 places in the Complete University Guide 2021 and are now ranked 70th out of 130 institutions. And we've been ranked first for the money invested into student wellbeing services according to the 2020 Student Welfare League Table.

We have been awarded Silver in the UK Government's 2017 Teaching Excellence Framework (TEF). Our TEF Silver rating is based on high quality teaching, excellent teaching facilities and the good careers that our graduates go on to discover.

A global University

Our community is made up of students from more than 100 countries around the world. And we are partnered with 123 institutions across the globe making us a truly international University.

We are ranked in the top 7% of universities worldwide (Centre for World University Rankings 2021-22).

The University of Central Lancashire has been named one of the top 1000 institutions in the world in the Times Higher Education World University Rankings 2021, top 86 universities in the UK.

University of Central Lancashire – LLM (Top-Up)

Course Description

The postgraduate LLM International Business Law course provides you with analytical and reflective skills and expertise in international business law. Successful completion will give you a recognised postgraduate qualification in International Business Law.

Within industry, international business law is a fast-changing and increasingly complex area. This course provides a learning experience which will enable you to develop your academic ability and enhance your performance in employment, whilst further developing your career opportunities.

You'll have the opportunity to enhance your employability skills by gaining additional qualifications in the areas of alternative dispute resolution (specifically, international arbitration and mediation). Past graduates have gained or developed careers in legal private practice, public body legal services, and in corporate and commercial fields.

Dissertation (Major Project)

The aim of the dissertation is to work in a self-defined field with the objective of producing a substantial piece of research based on critical analysis and independent thought. The only restriction on the choice of dissertation will be the appropriateness of the law chosen (which can be any area of law) as agreed with the dissertation supervisor and the dissertation tutor. The role of the dissertation supervisor underpins this part of the LLM. It is the function of the supervisor to guide the student in his/her choice of subject matter and to provide a focal point during the second and third semesters acting as support and guidance.

This is a 15,000 words dissertation.

Qualifi Level 7 Diploma in International Business Law Module Outline

Unit IBL701: International Trade Law

International Trade Law offers a comprehensive and informed analysis of the complexities of an international sale transaction through case law, policy documents, legislation, international conventions and rules adopted by international organisations. In this unit, learners will be able to understand international sales transaction, environmental analysis while doing international trade, legal issues and financial forecasting process.

Learning Outcomes

1. Critically explain the concept of strategic trade, environmental competition and preferential trade arrangements in the international trade.
2. Evaluate the underlying principles, practices, rules and regulation of international sales contracts.
3. Assess various issues associated to an organisation trading globally.

Unit IBL702: Commercial Trust Law

Aim of this unit explores the law of trusts in the international context, comparing doctrine in different jurisdictions and exploring the theoretical implications of such differences.

Learning Outcomes

1. Evaluate the basic principles of Equity as a part of English System of Law.
2. Analyse the way trusts are used in commercial transactions and issues are dealt according to the norms of contract and trusts law.

Unit IBL703: Industrial and Intellectual Property Law

The aim of this unit is to introduce learners to knowledge, ability and critical understanding of regulatory and legislative requirements relating to industrial and Intellectual property laws. This unit enables students to appreciate and understand the financial issues faced by an organisation's management and the activities undertaken by an organisation to have effective financial management. It examines relevant issues including financial strategy, debt and equity management, the key drivers of shareholder value, corporate governance and asset portfolio management.

Learning Outcomes

1. Evaluate the underlying rules relating to intellectual property laws.
2. Evaluate the associated laws and procedures relating to copyright and trademark.
3. Analyse the forms of industrial property rights including patents and utility models for inventions, industrial designs, trademarks and geographical indications.

Unit IBL704: Law and Financial Crimes

This unit aims to introduce learners to knowledge, ability and critical understanding of compliance requirements in the financial services and market, fraud, corruption, money laundering, terrorism, and theft laws. Learners will be introduced to current debates, theories and legal practices in the law of financial crimes such as statutory framework in the financial services regulations and capital market, fraud and theft act, and criminal law regulations.

Learning Outcomes

1. Explicate concepts of insider dealing and market abuse that damage the interests of ordinary market participants and justify applicable legal regulations to deal with the financial crimes.
2. Assess the money laundering regulations on businesses and its international dimensions.
3. Research and explain the nature of law on financial crime.

Unit IBL705: Company Law

This unit aims to provide information to learners about English Law of registered companies including both private and public limited companies. By the end of this unit, learners will be able to appreciate the role of the company as a form of business enterprise and how it functions within the business world.

Learning Outcomes

1. Evaluate and assess legal issues of companies through the analysis of characteristics, incorporation, functions and regulatory frameworks.
2. Critically assess the rights and obligations of shareholders and directors.
3. Know the legal procedure relating to the corporation liquidation.

Unit IBL706: Legal Research and Research Methods

This course aims to improve the necessary legal research skills to support learners at the postgraduate level. You will be able to develop key knowledge, understanding and skills relating to legal research, theoretical and methodological problems associated with legal studies. Learners will be able to cover key topics relating to research problem, conducting literature reviews, referencing, data collection and analysis techniques, and drawing conclusions from the analysed data.

This unit also deals with principles of research including formulations of research questions, hypothesis and objectives. The unit will cover literature reviews, referencing, data collection using interviews and surveys, questionnaire design, analysing and developing statistical modules, qualitative data analysis inferences and conclusions from the analysed data.

Learning Outcomes

1. Develop the criteria and approaches to conduct a legal research. Be able to produce a strategic marketing plan

2. Perform a literature review, apply research techniques, gather and analyse data to complete a research study.
3. Analyse the quality issues associated with data handling.

Unit IBL707: Corporate Governance – Principles and Practices

The aim of this unit is to develop learners' understanding, knowledge, and skills relating to the role of governing body, principles of corporate governance, various models and theories affecting corporate governance development, management functions, development of governance codes, principles and benefits of good governance.

Learning Outcomes

1. Evaluate the system of corporate governance to direct and control any organisation.
2. Analyse the rules and regulations of the Governing Body Code.
